

## Company History

---

May Painting, Inc. is a family owned and operated business that has been in operation for 76 years. Founded in 1933 by Frank May, the focus at the time was mainly residential painting and wall covering. In the 1950's and 60's the focus shifted to commercial and industrial painting.

After starting modestly with smaller factories and companies in the local area, we have expanded into a company that can handle many different jobs for a wide range of customers. We are committed to doing the highest quality work, utilizing the latest technology in materials and methods.

Our craftsmen are highly trained and skilled. We participate in Ohio's Drug Free Workplace Program, and our employees are trained to meet all current OSHA safety requirements. Please contact our estimating department for all of your painting and wall covering needs.
